

I've heard from 5 residents looking for info:

Ex. 6 - Personal Privacy wants us to sample her property. She's in the area of concern and we'll need to schedule a well survey time and sampling time. I don't have a physical address for her but I think she's got the **Ex. 6 - Personal Privacy** Her phone number is **Ex. 6 - Personal Privacy**

Ex. 6 - Personal Privacy called us back. We have well data for him but no survey yet. His phone number is **Ex. 6 - Personal Privacy**

We have well data for **Ex. 6 - Personal Privacy** also and she called interested in sampling. She's available Mondays and Thursdays. Her number is **Ex. 6 - Personal Privacy**

Also got a call from **Ex. 6 - Personal Privacy** We have well data for him, but nothing else. His number is **Ex. 6 - Personal Privacy** If that's wrong then it's **Ex. 6 - Personal Privacy**

Got a message from **Ex. 6 - Personal Privacy** re: setting up a sampling date/time. I think you already did this, but if not, his cell number is **Ex. 6 - Personal Privacy**
